Filing Deadline for applications for Physical Damage to homes, personal property, businesses: September 14, 2009

Filing Deadline for applications for Economic Injury: April 16, 2010

Whether you rent or own your own home, own your own business, or own a small agricultural cooperative located in a declared disaster area, and are the victim of a disaster, you may be eligible for financial assistance from the U. S. Small Business Administration (SBA).

What Types of Disaster Loans are Available?

Home Disaster Loans – Loans to homeowners or renters to repair or replace disaster damaged real estate or personal property owned by the victim. Renters are eligible for their personal property losses, including automobiles.

Business Physical Disaster Loans – Loans to businesses to repair or replace disaster-damaged property owned by the business, including real estate, inventories, supplies, machinery and equipment. Businesses of any size are eligible. Private, non-profit organizations such as charities, churches, private universities, etc., are also eligible.

Economic Injury Disaster Loans (EIDLs) – are working capital loans to help small businesses, small agricultural cooperatives and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.

EIDL assistance is available only to entities and their owners who cannot provide for their own recovery from non-government sources, as determined by the U.S. Small Business Administration (SBA).

[Learn How SBA Can Help](#)

Since June 15th, lenders across the country have provided millions of dollars in capital to small businesses through the America's Recovery Capital (ARC) loan program. Created under the Recovery Act, the temporary ARC program offers interest-free loans to viable small businesses, which carry a 100 percent guaranty from the SBA to the lender and require no fees paid to SBA. Loan proceeds are provided over a six-month period and repayment of the ARC loan principal is deferred for 12 months after the last disbursement of the proceeds. Repayment can extend up to five years.

The ARC loan program is open to any SBA-approved lender. Non-SBA lenders can easily become SBA participants by working with their nearest [SBA district office](#). Businesses interested in applying for an ARC loan should first contact their current lender.??
